ACCEPTABLE FISH

- Lionfish (*Pterois volitans/miles*) eligible for entry may only be taken during tournament hours. No previously caught or frozen lionfish will be allowed; however, please keep all lionfish on ice.
- Only legal means of capture in areas that use those gear types will be allowed. **All existing federal, state, and local laws must be followed, and all state and Federal laws will be strictly enforced.**
- Participants should be aware of all recreational saltwater rules and regulations that may apply in the State of Florida. Learn more at: <https://myfwc.com/fishing/saltwater/recreational/>.
- Lionfish may be taken by spear, hand net, slurp gun, or hook and line. No chemicals, traps or other collecting mechanisms are allowed. Please mind the reef and the surrounding environment.
- All lionfish must be in whole condition (no missing heads or tails). The largest and smallest fish will be determined by the total length of the fish in millimeters, measuring from the tip of the snout to the tip of the tail. If the tail is damaged, the scientifically recognized standard length may be used as determined by the weighmaster.
- Lionfish caught during the tournament may be donated for sampling, research, for consumption during the event, or to benefit Warfighter Scuba. Fish must be preserved on ice. All other lionfish not donated must be disposed of properly by the individual capturing the lionfish.
- Protective gloves should be worn when handling lionfish. Participants are encouraged to carry an appropriate first aid kit specific for Lionfish stings.
- After final submission details are taken, you may cut the tails for the FWC Reef Rangers Lionfish Challenge (<https://fwcreefrangers.com/lionfish-challenge/>). Participants are responsible for following the tournament rules and submitting their entries.
- For each donated Lionfish, the Team will receive a raffle ticket.

TOURNAMENT HOURS

- Teams may start from any waters where lionfish are legal to harvest. Tournament Hours are first light, Saturday, June 6, 2026, until Saturday, June 6, 2026 at 5:00 pm when the scoring station closes. All fish must be present at the scoring station before 5:00 pm on Saturday, June 6, 2026. Any fish not present at the scoring station by the designated time will not be counted for the tournament.

- All waters are eligible for tournament harvest. The tournament shall take place regardless of weather conditions. Captains make their own decisions about whether to venture out.

SCORING STATION HOURS

- Lionfish may only be taken during tournament hours, and the fish must be presented to the scoring station. The scoring station will be located at Luigi di Roma Italian Ristorante, 718 S Federal Hwy, Deerfield Beach, FL 33441. The Scoring Station will open on Saturday, June 6, 2026, from 3:00 pm – 5:00 pm. All fish must be present at the scoring station by Saturday, June 6, 2026, 5:00 pm to be counted.

SCORING STATION PROCEDURES

- All fish must be present at the scoring station by Saturday, June 6, 2026, 5:00 pm.
- Teams must have lionfish in coolers and adequately iced.
- The team captain or designee must deliver the coolers to the designated scoring location and check in with the scoring station staff, who will verify the number of coolers and place tape across the cooler lids indicating the team name and the number of coolers associated with the team. Teams need to declare at this time whether lionfish will be donated or kept.
- One (1) raffle ticket will be given for every Lionfish donated.
- It is required that the team captain or designee be present when the fish are being counted and measured by scoring station staff. If there is a backup at the scoring station, the team captain or designee does not have to stand next to their coolers; they just need to stay close enough that scoring station staff can locate them quickly.
- Scoring station staff will remove the lionfish from the cooler, measure and record the total length of each fish according to current scientific established methods.
- An overall count, minimum and maximum size will be recorded by the scoring staff on the team scoresheet and submitted.
- If there is any discrepancy over measurement or count, the team captain should bring it to the weighmaster immediately while the fish are still at the scoring station table.
- Teams are required to separate the fish they believe to be their largest and smallest Lionfish. Separation can include, but is not limited to: water bottles, zip-lock bags, and trash bags. These fish should then be placed inside the team's coolers. Check-in staff will denote the cooler that includes fish marked separately. These fish will be measured before the rest of the team's fish to

expedite the measuring/counting process and provide a cross-reference to scoring procedures.

- **Decisions of the weighmaster and rules committee are final.**

TOURNAMENT AWARDS

- Only one winning entry per team will be allowed in EACH category. In the event of a tie, the winning team or individual will be determined by the earliest check-in of their lionfish at the scoring station.
- Cash awards will be presented to the team according to the following schedule:
 - **Scuba Per Winning Team**
 - Most:
 - 1st: \$500
 - 2nd: \$300
 - 3rd: \$100
 - Biggest:
 - 1st: \$400

- Teams that wish to donate their catch may do so for the raffle prize drawing. One lionfish equals one raffle ticket during the tournament.

 - Prizes may ONLY be chosen by the team member participating. No other representatives or associates may pick from the prize table.

PAYMENT OF CASH AWARDS

- All cash prizes will be awarded in cash.
